

“Whimsical Wings”

By Olivia Hogelucht

The creative work I am submitting for consideration is a hanging paper maché sculpture I've entitled, "Whimsical Wings." The sculpture consists of a variety of whimsical butterflies that I created out of paper maché. I designed, shaped, and painted these butterflies. I used a variety of wing formations and bright colors to convey a feeling of playfulness, happiness, and freedom. After sharing Chloe's story with several neighborhood girls, I asked if they would help me hang the butterflies in honor of Chloe. They enthusiastically responded "Yes!" and worked alongside me to display these butterflies in a creative formation. Please find enclosed a picture of the butterflies hanging from tree branches and resting upon some of the limbs. I have enclosed a picture of the girls who helped me hang them. I have also enclosed several of the whimsical paper maché butterflies for you to keep. Even if I am not selected for the scholarship, I would be honored if you would keep these butterflies and hang them in honor of Chloe wherever you see fit.

I am so sorry for your loss. Thank you for this opportunity.

Kindly,

Olivia
